14 SEPTEMBRE

SUSTAINABILITY GOALS AND ANTITRUST : FINDING THE COMMON GROUND

**Date & lieu** Lundi 14 septembre de 15h30 à 17h00 CEST[Ajouter au calendrier](#)**PROGRAMME**

Concurrences is pleased to invite you to its next Law & Economics webinar.

Antitrust has been seen as a deterrent to industry sustainability initiatives because companies fear cartel allegations if they cooperate with competitors, even in pursuit of bona fide goals - for example, ensuring a living wage for farm workers, or upholding environmental standards. The Webinar will address :

- The challenges companies have faced with sustainability cooperation initiatives
- The European Commission's approach
- The draft Dutch guidelines recently issued
- How to establish joint sustainability initiatives within the boundaries of antitrust law
